PRODUCT DESCRIPTION

Designer: BEGA

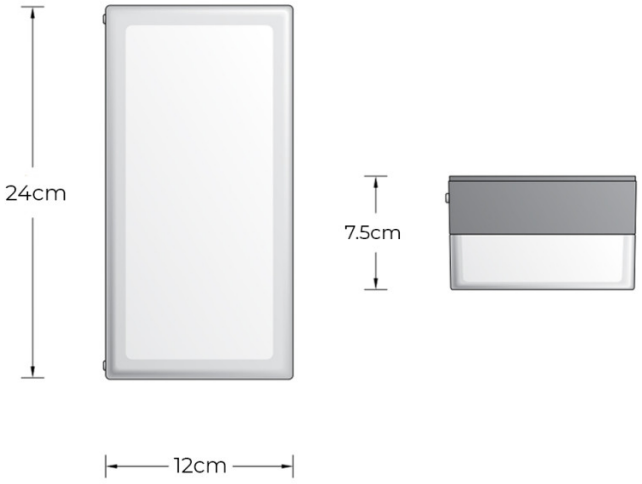

BEGA 33604 LED Outdoor Wall Light

A compact luminaire with a sophisticated aesthetic, the BEGA 33604 LED Outdoor Wall Light utilises a thick-walled crystal glass, combined with a cast aluminium housing to create a formal unity perfect for a variety of spaces. Combining contemporary design with efficient LED technology, the BEGA 33604 Wall Light can be arranged individually or in multiples, and can be used for numerous lighting applications around the home and in other private or public areas.

Thanks to the IP65 rating, this modern wall light can be fitted in exterior settings, providing evenly diffused and glare-free illumination to gardens, patios, entryways and pathways. The BEGA 33604 LED Outdoor Wall Light is also available with weatherproof numbers, symbols or lettering on request. This allows house numbers and notices to be read easily, even from great distances, by day and by night.
