PRODUCT DESCRIPTION

Designer: BEGA

BEGA 24708 LED Outdoor Ceiling Light

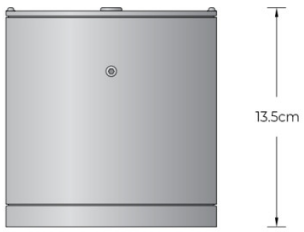

The BEGA 24708 LED Outdoor Ceiling Light is a stripped-back downlighting solution crafted from durable and age-resistant materials, including glass, aluminium and silicone. Available in a graphite or white finish, this luminaire provides optimal glare suppression whilst offering a high-quality lighting output, with the illumination diffused through a glass lens.

Thanks to the IP65 rating, the BEGA 24708 Ceiling Light can be used in exterior settings as well as interiors and even in bathrooms or wet areas. This makes the ceiling light a stylish addition to entryways, gardens and porches, as well as larger commercial spaces such as exterior dining areas, pools and spas.
