PRODUCT DESCRIPTION

Designer: BEGA

BEGA 31071 LED Outdoor Wall Light

Taking on the form of a classic lantern with a modern twist, the BEGA 31071 LED Outdoor Wall Light is an elegant luminaire protected against weathering, particularly on houses, entrances and walkways. Crafted from cast aluminium with a borosilicate glass shade, this wall light is equipped with LED technology and features a high protection class of IP65. As a result, it is suitable for a wide variety of settings.

The inner LED light source of the BEGA 31071 Wall Light is distributed softly and uniformly around the fitting using a translucent diffuser, resulting in an evenly dispersed glow. Available in two architectural finishes, graphite or bronze, this exterior wall light can easily adapt to numerous aesthetics and personal styles. It can also be displayed individually, in pairs or in multiples for larger commercial spaces.
