PRODUCT DESCRIPTION

Designer: Poul Henningsen

Louis Poulsen PH 80 Table Lamp

The PH 80 Table Lamp from Louis Poulsen carries Poul Henningsen's three-shade principle into a compact, versatile format for desks, bedside tables and sideboards. Three opal acrylic shades diffuse light evenly while guiding the majority of illumination downward to the surface, creating a gentle, glare-free pool of light with soft, comfortable reflections in the room. The classic configuration pairs opal shades with a red top reflector for a warmer glow, while an all-white variant offers a crisp, minimalist option with the same balanced distribution.

Engineered with die-cast aluminium components and a textile cord with an inline switch, the PH 80 Table takes a standard E14 LED lamp for easy replacement and control over brightness and colour temperature. Use a warm white lamp for evening ambience or a cooler lamp for task-focused settings. Available in Opal White, High Lustre Chrome Plated, and Opal White, the PH 80 Table Lamp brings Henningsen's human-centric approach to contemporary interiors.

PRODUCT SPECIFICATION

Light Source: 1 x Max 6W E14 LED (Excluded)

IP Code: 20

Dimming: Integrated on/off switch on the product.

Dimensions: Shade: Ø32cm
Height: 40.5cm
Cable Length: 250cm
