PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Sintesi Table Lamp

The Sintesi Table Lamp was created by Ernesto Gismondi, founder of Artemide Group. Gismondi was a man of multifaceted talent and used his expertise in aeronautical engineering to create innovative designs. Introduced in 1975, the Sintesi is an excellent showcase of his intelligent lighting solutions. The minimal structure is adjustable in both height and angle and can be folded in on itself for compact packaging. The frame houses and directs an E27 socket as well as a reflector and protective grid.

The timeless aesthetic of the Sintesi Table Lamp makes it an eye-catching piece, even when not in use. When illuminated, the reflector guides light into a wide glow which can be directed precisely where required. This task lighting is perfect for use in an office or beside a sofa. The Sintesi suits maximalist settings with the bold colourways, available in Red, Green, and Blue, adding a pop of colour to any interior. In commercial environments, the Sintesi Table Lamp can be used to add a welcoming illumination with a bold personality to contemporary cafes and hotels.

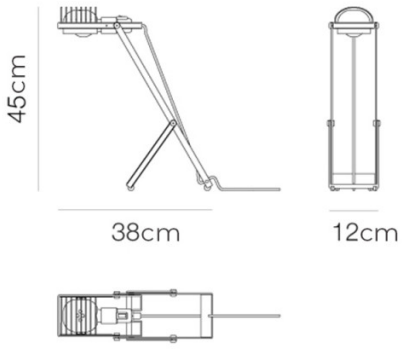

PRODUCT SPECIFICATION

Light Source: 1 x Max 11W E27 A60 LED (Excluded)

IP Code: 20

Dimming: Integrated on/off switch included on the product.

Dimensions: Height: 45cm
Length: 38cm
Width: 12cm
Cable Length (with plug): 120cm
