PRODUCT DESCRIPTION

Designer: J.M. Tremoleda

Santa & Cole Gira LED Mini Portable Lamp

The Santa & Cole Gira Mini is a smaller version of the [Gira Table Lamp](#), designed in 1978. This mini version, measuring 38.5cm in height, maintains the essence of the original while offering a compact and portable design. The structure of the Santa & Cole Gira LED Mini Portable Lamp can be moved and rotated on its ball-joint base, granting complete freedom of movement and allowing you to effortlessly direct the illumination.

The Gira Mini Portable Lamp features a two-step dimmer switch to adjust light intensity. When illuminated, the conical shade guides light into a downward-directed glow, perfect for illuminating tables in a soft and ambient glow. When fully charged, the Gira Mini offers 8 hours of light on full power and 16 hours of light on minimum power. The structure sits on a grey metallic base. The shade is available in Black Aluminium, Natural Aluminium, and Brass.
