PRODUCT DESCRIPTION

Designer: Massimo Minale

Buster + Punch Takeout LED Portable Lamp

The Buster + Punch Takeout is the brand's first portable lamp and is crafted from a high-quality metal structure, featuring their signature cross-knurl and a glass shade. The Takeout Portable Lamp is available in either a brass or steel finish and features a unique B+P LED tube light source that is easily dimmable via the touch dimmer on the head of the lamp. The illumination can be alternated between three light intensities: 100%, 60% or 40%, depending on the needs of your space.

Takeout has a run time of approximately 14 hours on full power, and takes 5-6 hours for a full charge. This industrial lighting solution is also IP65 rated, allowing it to be used in bathrooms, wet areas and even exterior settings. This makes the Buster + Punch Takeout Portable Lamp perfect for alfresco dining and late nights in the garden, as well as interior dining settings, living rooms and kitchens. Takeout is also an exceptional lighting solution for commercial environments, especially in the hospitality sector, and makes a perfect luminaire for restaurants, creating a cosy pocket of light.
