## PRODUCT DESCRIPTION

**Designer:** Miguel Milá

### Santa & Cole Estadio Singular LED Wall Light

Designed by Miguel Milá in 2023, the Santa & Cole Estadio Singular LED Wall Light distils the familiar Estadio language down to a single architectural column, keeping the glass block diffuser as the focal point. Compact but solid in presence, it delivers a soft, glare-reduced wash of warm light through the textured glass, making it a practical choice for wayfinding and perimeter lighting where comfort matters as much as visibility.

Rated IP65 for outdoor use, Estadio Singular suits entrances, façades, terraces, corridors, and sheltered routes, and it works just as well indoors in commercial circulation areas. Available in texturised white or texturised black, it can be used as a single feature or repeated at intervals to define a rhythm along a wall. The integrated LED light source is dimmable, allowing you to fine-tune ambience for a range of settings.

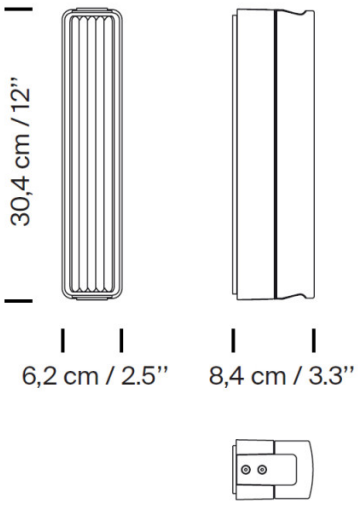

**Please Note, this product is also available with Dali dimming capabilities. Contact us for more details and pricing.**

**Please Note, this product can be mounted both vertically and horizontally.**

**Please Note, this product can also be ceiling mounted.**

## PRODUCT SPECIFICATION

| | |
|---|---|
| **Light Source:** | 4W, 2700K, 204 Lumens |
| **IP Code:** | 65 |
| **Dimming:** | Dimmable via 1-10V dimming systems. Please consult your electrician, additional wiring may be required on site. |
| **Dimensions:** | Height: 30.4cm<br>Width: 6.2cm<br>Depth: 8.4cm |
