### PRODUCT DESCRIPTION

**Designer:** Falke Svatur

### New Works Kantarell LED Floor Lamp

The Kantarell Floor Lamp is a distinctive piece created by Norwegian designer Falke Svatur. Svatur studied directing light before creating the Kantarell and uses a trumpet-like shape to act as a funnel at the centre of the lamp. The resulting floor lamp features a contemporary silhouette that blends elegance and technical expertise. Available in two finishes, Nickel/White or Black/White, the Kantarell Floor Lamp is a distinct piece with timeless potential.

When illuminated, the reflector functions as an inverted funnel, spreading light from the centre into a soft, even glow. The light source at the centre is almost hidden for a gentle, glare-free lighting. An integrated button ensures a smooth interaction when switching the lamp on and off. With a dimmable function, users can easily adjust light intensity to suit any environment. This warm glow is perfect for creating a comfortable ambience beside a sofa in a living room or in a dining room.

### PRODUCT SPECIFICATION

**Light Source:** 12.1W, 2700K, 1000 Lumens

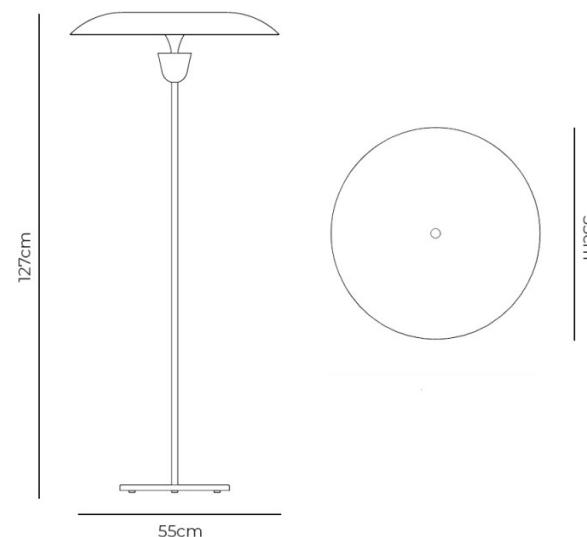

**IP Code:** 20

**Dimming:** Integrated dimmer on the product.
