PRODUCT DESCRIPTION

Designer: Verner Panton

Louis Poulsen Panthella Originals 160 V3 LED Portable Lamp

Reintroduced in Verner Panton's original 1970s colour direction, the Panthella Originals 160 V3 Portable brings a more expressive side of the Panthella silhouette back into view. The coloured opal shade and high lustre chrome base play into Panton's intent that both shade and stem act as reflectors, producing a soft, non-glaring glow that feels warm and calm rather than overly bright.

Designed for flexible use around the home and beyond, this portable LED lamp is IP44 rated and can be used indoors or outdoors, from bedside tables and shelves to evening table settings on terraces and patios. Light is controlled via touch on the top nut, with an integrated three-step dimmer (10%, 33%, 100%) and USB-C charging via a 250cm cable, giving you practical control over ambience without compromising the original character of the design.

Please Note: The Panthella Portable is supplied with a USB-C cable but not a USB-C power supply.
