PRODUCT DESCRIPTION

Designer: Verner Panton

Louis Poulsen Panthella Originals 250 V3 LED Portable Lamp

The Louis Poulsen Panthella Originals 250 V3 Portable scales up Verner Panton's iconic form into a fuller, more ambient portable lamp, finished in the original 1970s coloured opal shades with a high lustre chrome base. Designed so both shade and stem act as reflectors, it produces a comfortable, non-glaring light that feels soft and even, ideal when you want atmosphere without harshness.

With IP44 protection, the 250 can move between indoor and outdoor settings, working well on dining tables, sideboards, reception surfaces, and sheltered terraces. Control is handled directly on the lamp via touch on the top nut, and the integrated three-step dimmer (10%, 33%, 100%) makes it easy to tune brightness for evening use. Charging is via USB-C with a 250cm cable, keeping it practical for everyday placement and occasional repositioning.
