PRODUCT DESCRIPTION

Designer: Sofie Refer

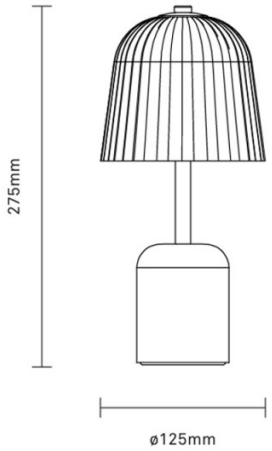

Nuura Asteea LED Portable Lamp

The Nuura Asteea Portable Lamp is the latest addition to the **Asteea Collection.** Designed by Sofie Refer, the series is inspired by a bell flower and reflects the extravagance that can be found in nature. The rippled, bell-shaped shade is crafted from recyclable acrylic, with a delicate appearance that complements the elegant golden base. Its IP65 rating makes it suitable for both indoor and outdoor use.

When illuminated, the Nuura Asteea Portable Lamp creates a gentle, ambient glow and a warm reflection when the light meets the brass base. The base features a discreet three-step touch dimmer, allowing users to adjust the light intensity to suit any setting. The lamp is chargeable via an included USB-C cable (power adapter not included) and has a charging time of 6 hours. Once fully charged, the Asteea Portable offers up to 10 hours of use, depending on the brightness of the light. Display throughout the home to create a cosy, comfortable atmosphere.
