PRODUCT DESCRIPTION

Designer: TAF Studio

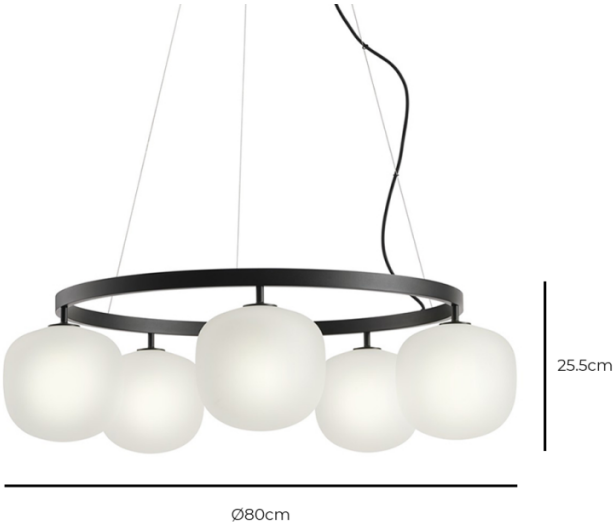

Muuto Rime Chandelier

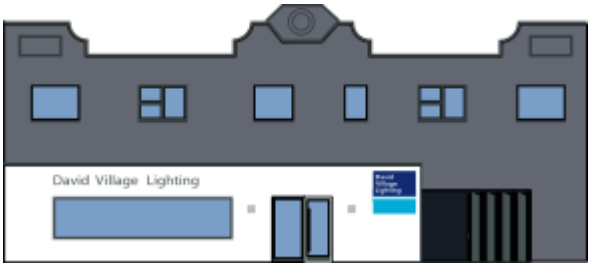

A highly anticipated addition to the **Rime collection**, the Muuto Rime Chandelier reimagines the classic **Rime Pendant** as a striking light sculpture, combining five mouth-blown glass shades. The Rime Chandelier adds a dramatic silhouette to your space and provides a soft, evenly diffused glow, perfect for a variety of interiors. Designed for high ceilings, it makes a bold statement above round tables and dining areas, in both residential and commercial environments.

Designed by TAF Studio, the Muuto Rime Chandelier is available in three minimalistic finishes: White, Black, or Aluminium Grey, highlighting its contemporary character and allowing the design to adapt to an array of interior styles. Each shade includes a high-quality G9 bulb with a colour rendering index above 90 for warm, consistent illumination.
