PRODUCT DESCRIPTION

Designer: Kenneth Bergenblad

Audo Copenhagen Wing Wall Light

The Audo Copenhagen Wing Wall Light is the newest addition to Kenneth Bergenblad's iconic Wing Collection, bringing the series' sculptural presence to a new dimension. Inspired by a bird in flight, the Wing Wall Light features a folded aluminium shade that can be adjusted to suit users' needs. Rotate and tilt the shade to alternate between direct and glare-free lighting. When illuminated, the shade guides light into a wide beam while bathing the surrounding wall in a warm glow.

The Wing Wall Light is available in two finishes, Aluminium and Bronzed Brown. The stripped-back design expertly blends form and function for an innovative piece that honours traditional Scandinavian craftsmanship. Display individually, in pairs to frame a doorway, or in rows lining the length of a hallway. Pair with other pieces from the **Wing Collection** for a timeless and cohesive theme throughout the home.
