PRODUCT DESCRIPTION

Designer: Verner Panton

Louis Poulsen Panthella 250 LED Portable Lamp

**BRAND NEW, OVERSTOCK. BOXED IN ORIGINAL
PACKAGING.**

1 x Opal White Available.

The original Panthella Table Lamp was designed by Verner Panton in 1971 and is recognised as one of Panton's most significant and influential lighting designs. Panton worked closely with Louis Poulsen while designing the Panthella, aiming to create a lamp that was functional as well as sculptural. The Panthella 250 Portable Lamp has an IP rating of 44, it is suitable for both indoor and outdoor use.

When lit, the Panthella 250 offers glare-free downwards-directed light. Light is diffused through the translucent shade, creating a soft, ambient glow. The trumpet-shaped stand works as a reflector, casting light upwards. An integrated three-step dimmer allows the user to adjust brightness intensity to suit any environment. When fully charged, the Panthella 250 Table Lamp offers up to 79 hours of light on the lowest setting, 25 hours on the medium setting, and 5.5 hours at the highest setting. Charge using the included 90-degree USB-C to USB-C charging cable (adapter not included). Display throughout the home or use to illuminate a garden table to add a welcoming and cosy ambience to the surroundings.
