Louis Poulsen PH 3/2 Table Lamp Centenary Edition

In celebration of 100 years of the iconic System PH, Louis Poulsen has released the PH 3/2 Table Lamp Centenary Edition. Crafted from aged brass brushed with fine hairlines, this new edition of Poul Henningsen's design recalls the elegance and sophistication of vintage PH lamps. The lamp boasts the iconic tiered shade system synonymous with PH lamps. The mouth-blown, four-layered shade features a combination of amber and opal white layers. The amber-coloured upper shade ensures a warm, ambient glow, while the lower layers provide white, downward-directed light.

Every element of the PH 3/2 Centenary Edition Table Lamp is thoughtfully considered. The through-switch on the lamp's base is reminiscent of the original design, while the dark brown textile cable emphasises the lamp's vintage look and feel. Display at a bedside or beside a sofa for a reading light that adds a cosy, inviting ambience to the room while providing an eye-catching, sculptural presence. Each lamp is engraved with a unique ID number, ensuring you have a truly one-of-a-kind piece.
