PRODUCT DESCRIPTION

Designer: George Carwardine

nglepoise Original 1227 Brass Wall Lamp

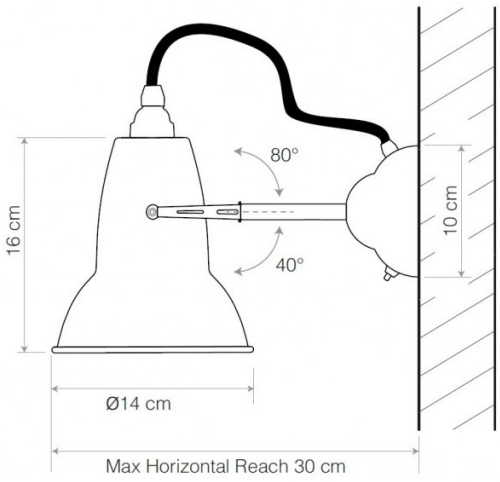

BRAND NEW, OVERSTOCK. BOXED IN ORIGINAL PACKAGING.
1x Ink Blue Available.

The Brass 1227 Wall Light gets its shade shape from the iconic Anglepoise lamp that was designed by George Carwardine and launched in 1935. Bringing an updated yet refined look, this lamp is fitted with brass details and a spiralled cable, breathing new life into the classic design that in itself is timeless.

The 1227 Brass wall light has a fully rotational shade and a built-in switch, meaning that you have complete directional control of the light with the least amount of ease possible. With the option of also hard wiring the light to be controlled by a mains switch, this wall light is completely versatile and would look best either lining your lounge or kitchen area at home or in a workplace. Available in two colours, match the wall light with other lights from the Anglepoise Original 1227 collection to fill your space with Carwardine's design.
