PRODUCT DESCRIPTION

Designer: Ramos & Bassols

Vibia Duo Petra Round LED Ceiling Light

Vibia Duo Petra Round LED Ceiling Light brings a timeless and elegant aesthetic to interiors, with the natural character of an interior slate lining setting it apart from other Vibia Duo designs. Designed by Ramos and Bassols, it uses a simple geometric form to provide a direct but diffused illumination, combining a bold metallic exterior with an interior of natural texture.

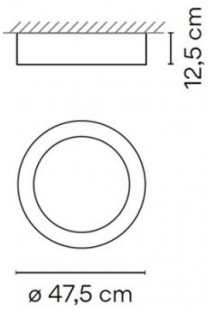

The round profile sits close to the ceiling, so it works well in spaces where a pendant would feel too dominant. It gives a calm, even wash of light, and the contrast between the outer finish and the slate interior adds texture without making the fitting feel busy.

Vibia Duo Petra Round LED Ceiling Light is available in White, Graphite, and Cream. This version is the most restrained of the three, suited to interiors that need an understated ceiling fitting with even, comfortable light. Best suited for hallways, bedrooms, living spaces, and other interiors with lower ceilings where a flush ceiling light is the more practical option.

Please note, this product is also available in a larger Ø78.5cm version. Contact us for pricing and information.
