PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Nur 1618 Pendant Light

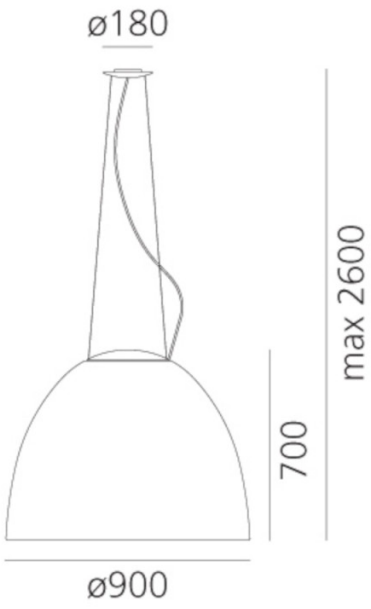

Artemide Nur 1618 Pendant Light applies the Nur form to a larger suspension, where the light source is held within a broad, clearly defined body rather than put on show. Designed by Ernesto Gismondi, it uses a two-bulb set-up to support the wider format and provide general ambient lighting with indirect emission.

The two-bulb setup is what allows Nur 1618 to work at this scale. It supports the wider shade more effectively, both in terms of light output and overall balance, while keeping the same design character as the rest of the collection.

Artemide Nur 1618 Pendant Light is available in Anodised Aluminium and Anthracite Grey, with an aluminium, methacrylate, and glass construction. The scale is what sets it apart, not a change in design language, so it remains recognisably Nur while carrying more weight in the room. Best suited for larger dining spaces, open-plan living areas, entrance halls, and commercial interiors where a pendant can provide general ambient lighting with a strong architectural form.

PRODUCT SPECIFICATION

Light Source:	2 x Max 11W R7 (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 70cm Shade: Ø90cm Base: Ø18cm Cable Length: 260cm
