The Type 75 Mini wall light was part of the Anglepoise Type 75 Mini range, a collection that brings the Type 75 range of lights to a smaller scale. This wall light is inspired by vintage Anglepoise designs, catapulting them into the modern day with a sleeker, neater lampshade.

The Type 75 Mini wall lamp has a movable shade, allowing you to direct the light wherever you want, whether you want a nice spotlight or want to create a nice ambience in the room. The smaller size means the Type 75 Mini wall light is very versatile and can be used in many interior spaces. This wall light will easily fit into any design scheme, lending an elegant yet functional finishing touch to your domestic or work setting.
