PRODUCT DESCRIPTION

Designer: Ernesto Gismondi

Artemide Nur Gloss Pendant Light

Artemide Nur Gloss Pendant Light takes the Nur suspension into a perfectly smooth and polished finish, while keeping the monolithic and mono-material body and the essential, geometrically calibrated lines that define the range. Designed by Ernesto Gismondi, it ensures general ambient lighting thanks also to indirect emission, with the Gloss versions keeping the light source controlled without offending direct vision.

The page brings together the larger Nur Gloss and the smaller Nur Mini Gloss. Both are available in White and Black, both are formed in aluminium, polycarbonate, and glass, and all Gloss versions are encased in a diffuser at the bottom, which changes the lower edge of the fitting compared with the open retrofit versions.

Artemide Nur Gloss Pendant Light is available in White and Black, in both standard and mini sizes. The polished finish is shared across the range, but the larger and smaller versions have a different presence once hung, one broader, one more compact. It works well over dining tables, kitchen islands, in living spaces, and in hospitality settings where general ambient light is needed from a pendant with a smooth, polished surface.

PRODUCT SPECIFICATION

Light Source: **Nur Gloss:** 1 x Max 23W E27 (Excluded)
Nur Gloss Mini: 1 x Max 21W E27 (Excluded)

IP Code: 20

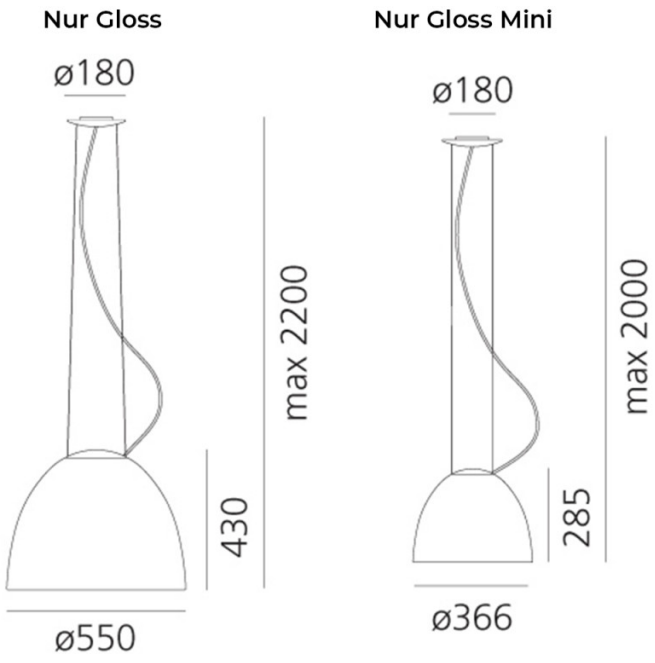

Dimming: Dimmable via mains phase dimming.

Dimensions:

Nur Gloss:
Height: 43.9cm
Shade: Ø55.4cm

Nur Gloss Mini:
Height: 28.5cm
Shade: Ø36cm
Base: Ø18cm

Cable Length: 200cm
