PRODUCT DESCRIPTION

Designer: Carlotta de Bevilacqua

Artemide Architectural Somnium Stand Alone Linear LED Suspension Light

Artemide Somnium Stand Alone Linear LED Suspension is a minimalist architectural suspension with advanced optical technology that ensures UGR<16, eliminating glare and supporting visual comfort. By fusing the lens and antiglare, the louvre becomes an essential structural element for optimal light control.

The Linear version uses direct and indirect emissions. The direct emission is precise, while the indirect component lights the surrounding space. It is available in three linear sizes, with 3000K or 4000K options, and Push/DALI or APP compatible versions.

Artemide quotes efficiency of up to 165 lm/W for Somnium Stand Alone, combining high performance with reduced weight and material use.

Best suited to dining tables, kitchen islands, home offices, meeting tables, workspaces, and reception areas where precise, low-glare light is required.

Please note, this product is also available in 4000K and with Artemide App dimming compatibility. [Contact us](#) for pricing and information.

PRODUCT SPECIFICATION

Light Source: **Linear 1260:** 20W, 3000K, 3287 Lumens
Linear 1680: 27W, 3000K, 4383 Lumens
Linear 2100: 34W, 3000K, 5479 Lumens

IP Code: 20

Dimming: Dimmable via Push to make/Switch and Dali dimming systems. Please consult your electrician, additional wiring may be required on site.

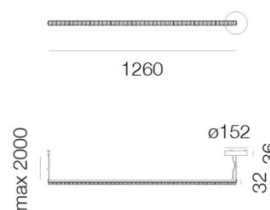

Dimensions: **Linear 1260:**
Length: 126cm

Linear 1680:
Length: 168cm

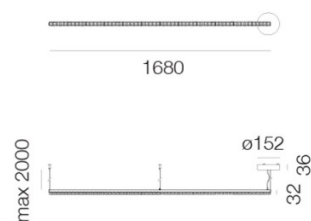

Linear 2100:
Length: 210cm

Cable Length: 200cm (Max)

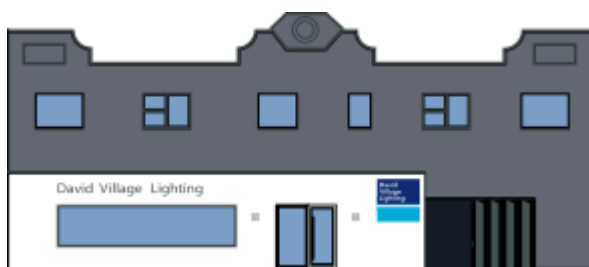

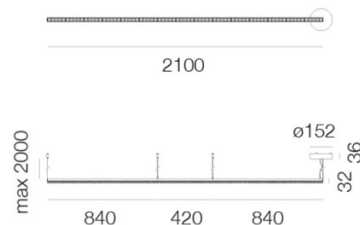

Linear 1260

Linear 1680

Linear 2100
