PRODUCT DESCRIPTION

Designer: Erwan Bouroullec

Flos Maap Wall Light

BRAND NEW, OVERSTOCK. BOXED IN A -GRADE ORIGINAL PACKAGING.

1 x White Available.

French designer Erwan Bouroullec designed the Maap Wall Light for Flos. His fascination with ultra-thin materials guided the design process, while an interest in geometry and natural structures led to a free-form luminaire, created to be endlessly reshaped. The paper-like membrane is meant to be crumpled before installation, allowing users to craft unique forms. Large magnetic buttons secure the lightweight cover to either one, two, or three metal lighting units, depending on the size selected.

The Maap Wall Light diffuses light into a soft, immersive glow that appears to emanate from the entire structure. This ambient lighting fills the room with a soft radiance, perfect for creating a cosy and inviting atmosphere in a dining room or living area.
