PRODUCT DESCRIPTION

Designer: Ichiro Iwasaki

Vibia Closer LED Portable Floor Lamp

The Closer Portable Lamp was designed by Ichiro Iwasaki, who created the luminaire to transform living spaces into intimate lighting scenes. Handcrafted from braided textile shades, the lamp offers generous yet lightweight volumes for a clean and balanced addition to the room. Its IP65 rating and UVA-radiation-protection make it suitable for indoor and outdoor spaces, while its lightweight body allows it to be easily transported where soft, intimate lighting is required.

When switched on, the Closer Portable Lamp offers a warm, diffused light that is subtly directed downwards. Its integrated three-step dimmer allows users to adjust light intensity to suit any mood. The lamp is chargeable via an inductive charging base, which generates between 10 and 40 hours of light depending on the selected light intensity. Available in natural tones of Green, Terra Red, and Beige, the Closer Portable Lamp creates a connecting thread between interior comfort and the great outdoors.

PRODUCT SPECIFICATION

Light Source: 6W, 2700K, 1440 Lumens

IP Code: 65

Dimming: Integrated dimmer on product.

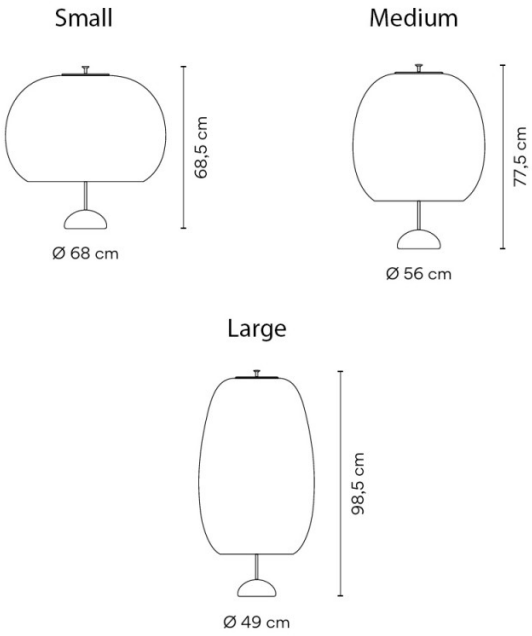

Dimensions:

Small
Ø68cm
Height: 68.5cm

Medium
Ø56cm
Height: 77.5cm

Large
Ø49cm
Height: 98.5cm

Charging Cable Length: 300cm
