PRODUCT DESCRIPTION

Designer: Palomba Serafini Associati

Vibia Alba LED Portable Lamp

The Alba Portable Lamp evokes the first moment of dawn when the sun seems to touch the horizon, creating a soft glow of light. Designed by Palomba Serafini Associati, the Alba subtly merges form and illumination for an intuitive lamp that follows you from one space to another. The three available finishes of Beige, Dark Terra, and Green are inspired by nature and designed to interact with light to create a warm and calming presence.

When illuminated, the diffuser softens light into a warm glow, reminiscent of candlelight. A warm halo surrounds the lamp, creating intimate lighting with an inviting ambience. A discreet integrated three-step dimmer allows users to adjust light intensity to suit any environment. Charge via the included USB-C charger for up to 60 hours of use, depending on light brightness. Created for everyday use, the Alba Portable Lamp can be easily moved wherever soft lighting is required. Display at a bedside, in a reading nook, or in a living area to create a warm, calming atmosphere.
