PRODUCT DESCRIPTION

Designer: BIG

Artemide Veil LED Floor Lamp

Designed by BIG, Bjarke Ingels Group, the Artemide Veil LED Floor Lamp brings the collection's clean architectural language into a freestanding format. The design is defined by a slim, curved arm that rises from a compact circular base, creating a quiet, graphic outline with a strong sense of balance. Artemide's integrated LED technology sits within the slender structure, allowing the lamp to provide warm 3000K illumination while keeping the overall form minimal and refined.

The Veil Floor Lamp is available in 1 Arm and 2 Arms versions, both in a Grey finish. The 1 Arm version offers a more restrained presence for living rooms, reading areas, bedrooms and lounge spaces, while the 2 Arms version gives a broader and more sculptural composition for larger interiors, hospitality settings and professional environments. With its soft light output, CRI 90 colour rendering and 210cm height, Veil works well where a floor lamp needs to feel architectural without overpowering the room.

PRODUCT SPECIFICATION

Light Source: **1 Arm:** 28W, 3000K, 886 Lumens
2 Arm: 53W, 3000K, 1586 Lumens

IP Code: 20
