PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Tacoma Single Tulip Wall Light

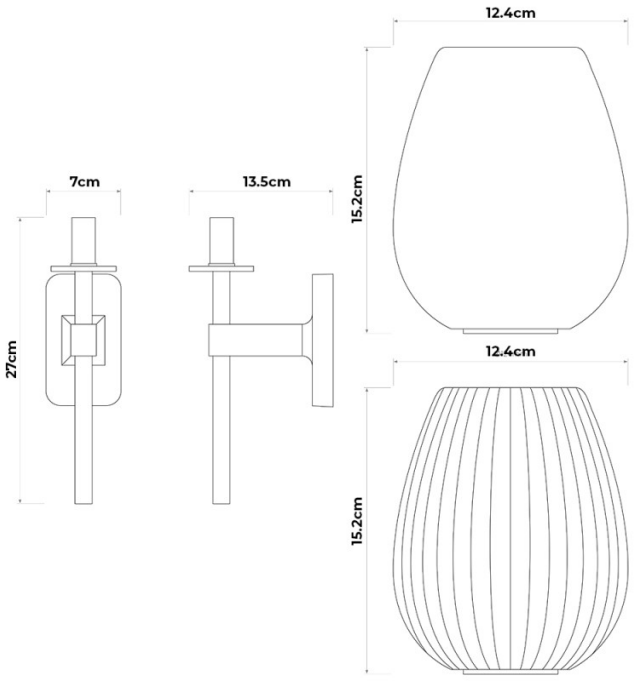

Astro Tacoma Single Tulip Wall Light is a wired-in wall light with a vertical wall-mount orientation, IP44 rating, and a choice of Antique Brass, Matt Black, or Polished Chrome body finishes.

This page covers the Tacoma Tulip shade options, with Tulip White and Tulip Ribbed Smoke shades available. The curved glass shade gives the Tacoma Single a more shaped profile than the round version, while the ribbed smoke option adds a more textured glass appearance when paired with the metal wall body.

The Tacoma Single Tulip Wall Light is unswitched and dimmable depending on the lamp selected, with Class I earthed construction and no separate driver required. It can be used alone, in pairs, or with other fittings from the Tacoma collection. Most suited to bathrooms, hallways, bedrooms, dining rooms, and interior wall-lighting schemes using shaped glass shades.
