PRODUCT DESCRIPTION

Designer: Porta Romana Lighting

Porta Romana Giacometti Wall Light

The Porta Romana Giacometti Wall Light brings sculptural texture and understated luxury to interior walls. Crafted from forged steel, its distinctive hammered frame gives the design an artisanal, architectural character, while the elegant semi-cylinder shade softens the lamp's overall appearance.

When illuminated, the Giacometti Wall Light offers a refined glow. Light pools from the top and bottom of the shade, bathing the surrounding wall in a warm light and creating a sense of depth and visual interest. Available in small and large sizes, the Giacometti is ideal for framing bedsides, illuminating hallways, or adding a decorative accent to living spaces. Its timeless aesthetic makes it a striking choice for both classic and contemporary interiors.

The Porta Romana Giacometti Wall Light is available in different finishes with a wide range of shade fabrics and linings. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source: 2 x Max 25W LED G9 (Included)

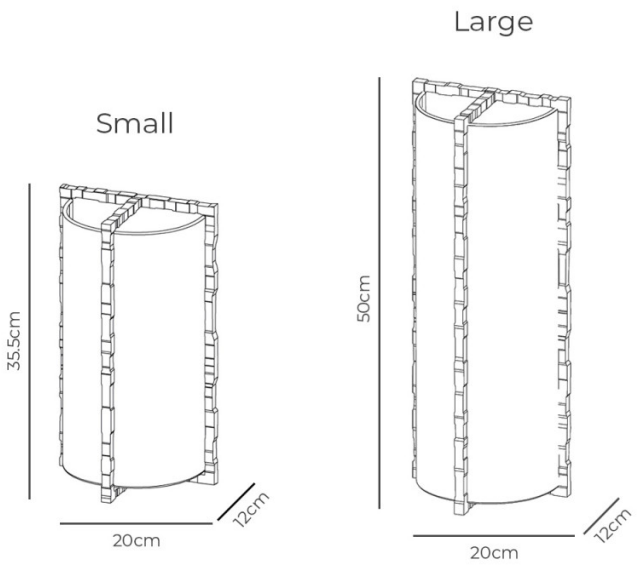

IP Code: 20

Dimming: Dimming via mains phase dimming.

Dimensions:

Small
Height: 35.5cm
Width: 20cm
