PRODUCT DESCRIPTION

Designer: Nick Ross

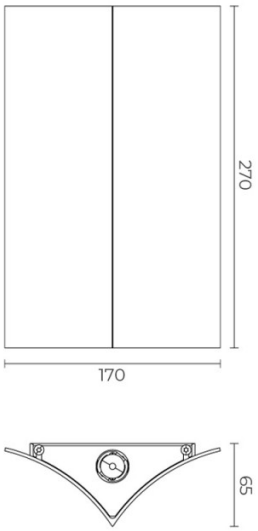

Pholc Concave 27 Wall Light

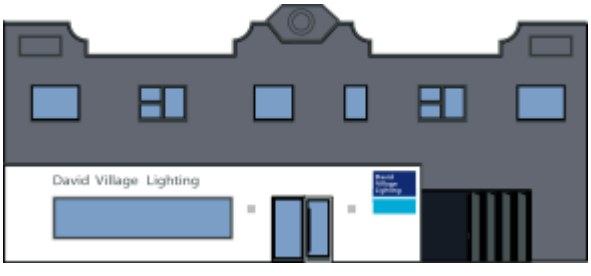

Scottish designer Nick Ross designed the Concave 27 Wall Light for Pholc, marking his first collaboration with the lighting brand and his first ever light design. Renowned for his use of simple shapes, the Concave explores the precise relationship between form and space. The wall light is formed from two curved sides crafted from aluminium. When switched on, the concave shapes send a V-shaped light upwards and downwards, bathing the wall in a warm and decorative glow.

The Concave 27 is created for repetition. Available in four distinct finishes, Ash, Stem, Oxide, and Core, the lamp adds an architectural presence to its surroundings, even when not in use. Display in rows, lining hallways for uniform lighting that creates a welcoming atmosphere. Alternatively, install in pairs to frame a bed or doorway for a balanced and cohesive scheme.

PRODUCT SPECIFICATION

Light Source:	2 x Max 4W G9 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Height: 27cm Length: 17cm Width: 6.5cm
