PRODUCT DESCRIPTION

Designer: Hollis + Morris

Hollis + Morris Willow Vertical Pendant

A varying orientation of the **Willow Horizontal Pendant**, the Hollis + Morris Willow Vertical Pendant offers the same organic aesthetic and diffused illumination. Available in two sizes, either a 3ft or 5ft version, and in a multitude of wood finishes: W.Oak / Natural, W.Oak / White, W.Oak / Black, or Walnut / Natural, this slender luminaire resembles a blooming tree branch and adds character to any interior. The metal detailing can also be chosen in a wide range of finishes: Stainless, Brass, Copper, Antique Brass, Oxidised Bronze, Antique Bronze, Powder-coated White, or Powder-coated Black. Each size of the Willow Vertical boasts spherical hand-blown glass diffusers which house an inner light source. The smaller version utilises five light sources, while the larger version has seven.

The result of combining these materials is an elegant lighting solution that provides your space with an evenly diffused ambient glow, perfect for areas of relaxation and socialising. The Hollis + Morris Willow Vertical Pendant can be displayed individually or in multiples for larger commercial interiors. For larger configurations, you can mix and match sizes and colours to generate a more unique lighting installation, as well as pairing it with the **horizontal version** for a more creative lighting setup.

Please Note: The Hollis + Morris Willow Vertical Pendant is also available in a trio cluster with a multi-canopy. Please Contact Us for more information.
