PRODUCT DESCRIPTION

Designer: Hollis + Morris

Hollis + Morris Oyster LED Sconce

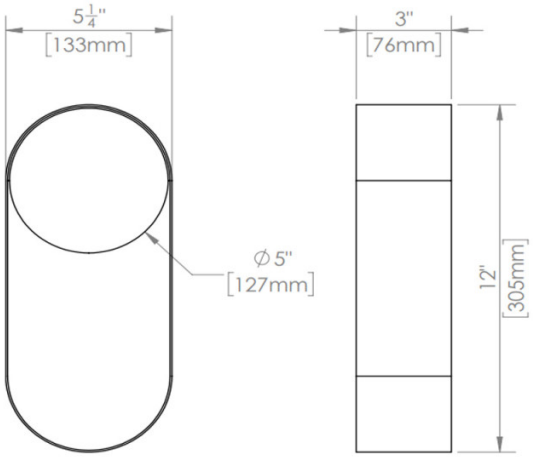

Inspired by its namesake and its inner incandescent pearl, the Hollis + Morris Oyster LED Sconce is a stripped-back lighting solution that makes a statement. Featuring a slender metal structure with a built-in acrylic diffuser, Oyster presents a warm, diffused illumination that can be utilised in various interiors. The curved metal frame appears to effortlessly hang from the light source, presenting a seamless and organic aesthetic.

The available finishes of the Oyster Sconce span a large variety of styles, offering something for almost every interior. A cosy way to illuminate bedrooms, hallways, entryways and dining areas, the Hollis + Morris Oyster LED Sconce is an excellent choice for elegant contemporary spaces.

Please Note: The Hollis + Morris Oyster LED Sconce is also available with a colour temperature of 2700K. Please contact us for further information and pricing.
