PRODUCT DESCRIPTION

Designer: Hollis + Morris

Hollis + Morris Beaufort M2 Horizontal LED Pendant

Inspired by the Arctic, the Hollis + Morris Beaufort M2 Pendant is a linear lighting solution, crafted from solid wood. Its form consists of two elongated cuts of wood, with curved edges and a mirrored silhouette. Beaufort provides an uplight and downlight, with the inner LED light source diffused through sandblasted acrylic diffusers, providing a glare-free and evenly dispersed illumination.

Available in four wooden finishes: W.Oak / Natural, W.Oak / White, W.Oak / Black, and Walnut / Natural, as well as four sizes, the Hollis + Morris Beaufort M2 Horizontal LED Pendant is suspended from two slender cables with a single canopy. The result is a refined luminaire that utilises soft curves and can be used in a variety of settings, both residential and commercial. A stunning way to brighten up dining areas, kitchen islands and reception desks.

Please Note: The Hollis + Morris Beaufort M2 Horizontal LED Pendant is also available with a colour temperature of 2700K. Please contact us for further information and pricing.

PRODUCT SPECIFICATION
