Graypants Scraplights Moon Pendant

Designed for sustainable interior lighting, the Graypants Scraplights Moon Pendant brings the material language of the original Scraplights by Graypants into a refined everyday fixture. Crafted from recycled corrugated cardboard, the rounded shade keeps the lamp visually clear, and the cardboard layers add depth around the light source.

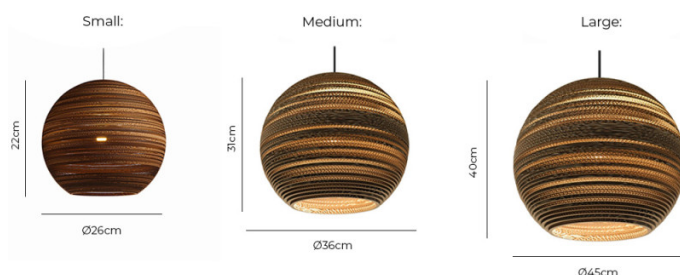

Each Moon Pendant is handcrafted, ensuring each fixture remains individual. A warm addition to living rooms, bedrooms, dining spaces, and welcoming commercial spaces. The Graypants Scraplights Moon Pendant is a strong choice for people looking for an ambient luminaire with an interesting story.

Please Note: Larger variations of the Graypants Scraplights Moon Pendant are also available on a quotation basis. Please [contact us](#) for more information and pricing.
