

marset**Marset Fragile S LED Table
Lamp****LA11539**SOURCE: <https://www.davidvillagelighting.co.uk/product/Marset-Fragile-S-LED-Table-Lamp/10002973>**PRODUCT DESCRIPTION****Designer:** Jaume Ram3rez**Marset Fragile S LED Table Lamp**

The Marset Fragile S LED Table Lamp is a smaller version of the [Marset Fragile Table Lamp](#). The lamp's compact form is available in different compositions, playing with the presence or absence of a cone and sphere shade that frames a central cylinder. Together, they echo the timeless design of the archetypal table lamp, reimagined to create a play of fragility and geometry. The base is available in three finishes: aluminium, black, and matte white.

When illuminated, the glass reveals the light source, casting a soft, diffused glow for a calming atmosphere. An integrated dimmer on the base allows users to easily adjust the brightness of the light to suit any mood. Display at a bedside, in a reading nook, or in a living area to add warm, calming lighting while creating a sense of purity and lightness.

The Fragile S LED Table Lamp is also available in 2200K. Please [contact us](#) for more information and pricing.
