PRODUCT DESCRIPTION

Designer: Jaume Ramírez

Marset Fragile 16 LED Pendant

The Marset Fragile 16 LED Pendant is inspired by the timeless design of the archetypal table lamp. Designer Jaume Ramírez blends fragility with geometry, utilising defined shapes crafted from glass for a sense of purity and weightlessness. A blown glass sphere and cone shade frame a central cylinder, revealing a soft glow of light from within. When illuminated, the Fragile 16 Pendant produces a soft, diffused glow to create an intimate ambience.

The Fragile 16 Pendant resembles a lit candle, illuminating the surrounding space without imposing on it. Its small, delicate design was created to be repeated, working particularly well when installed in multiples. Display in a row to evenly light a dining table or, in larger spaces, create dynamic displays by installing multiple at varying heights. With the freedom to create a wide variety of combinations, Fragile is a versatile lighting solution that will evoke feelings of balance and serenity while capturing the fragility of life today.

The Fragile 16 LED Pendant is also available in 2200K. Please [contact us](#) for more information and pricing.

PRODUCT SPECIFICATION

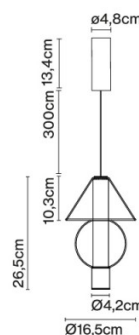

Light Source: 4.6W, 2700K, 380 Lumens

IP Code: 20

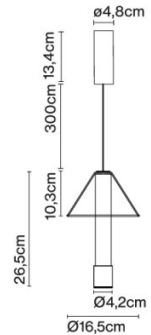

Dimming: Dimmable via Triac dimming.

Dimensions: Height: 26.5cm
Structure: Ø4.2cm
Cone Shade: Ø16.5cm
Sphere Shade: Ø12cm
Cable Length 300cm

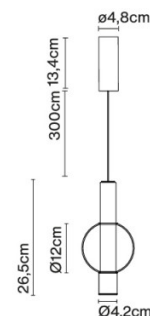

Cone & Sphere
