PRODUCT DESCRIPTION

Designer: Jaume Ramírez

Marset Fragile A2 LED Wall Light

The Marset Fragile A2 Wall Lamp reinterprets the familiar form of a classic table lamp with a modern twist. Its striking aluminium structure, available in Aluminium, Black, or White, supports two light sources. A cylindrical diffuser sits between spherical and conical shades, each crafted from blown glass. These geometric elements can be arranged in various configurations to complement a wide range of interiors, with each composition evoking different influences and familiar archetypes from the history of lighting.

When illuminated, the Fragile A2 Wall Lamp casts a soft, diffused glow that is gently shaped by the glass without feeling enclosed. Ideal for a bedroom, living area, dining room, or hallway, it creates a welcoming and serene atmosphere. Pair it with the [Fragile A1 Wall Lamp](#) to form a dynamic composition that explores the presence and absence of the three geometric elements.

The Fragile A2 Wall Lamp is also available in 2200K. Please [contact us](#) for more information and pricing.

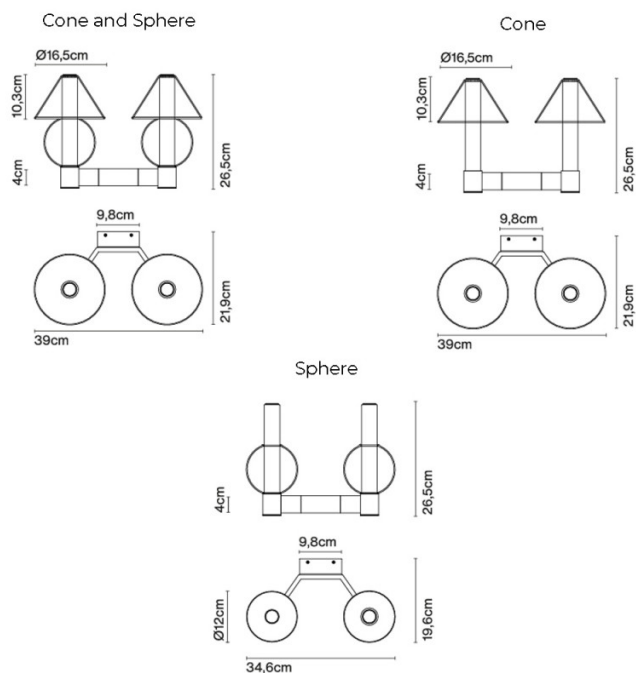

PRODUCT SPECIFICATION

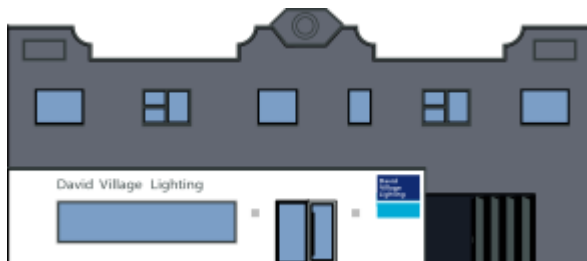

Light Source: 2 x 3W, 2700K, 340 Lumens

IP Code: 20

Dimming: Dimmable via Triac dimming.

Dimensions: Height: 26.5cm
Cone Shade: Ø16.5cm
Sphere Shade: Ø12cm
