PRODUCT DESCRIPTION

Designer: BEGA

BEGA 99058 LED Bollard

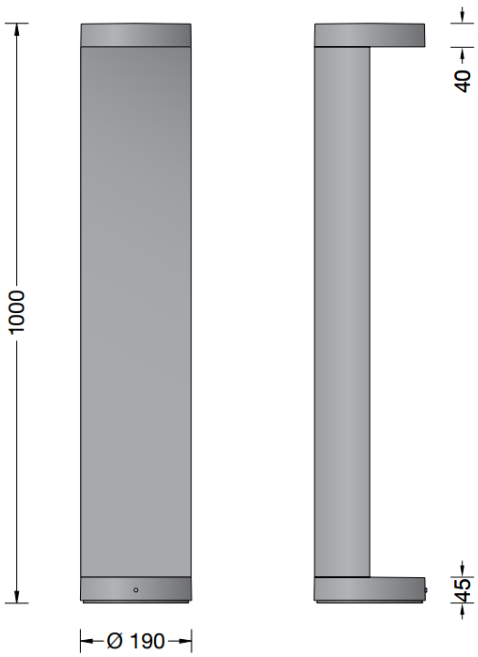

BRAND NEW, OVERSTOCK. BOXED IN A-GRADE ORIGINAL PACKAGING.
1 x Graphite Available.

The BEGA 99058 Bollard provides a flat beam light distribution and is an excellent choice for illuminating paths and driveways. The light is directed strongly downwards and effectively shielded above the horizontal plane. The result is a high degree of illuminance in the near field with reduced glare potential, offering exceptional visual comfort even on surfaces oriented transversely to the luminaire.

This bollard is available in a sleek graphite finish and with a 2700K colour temperature, ensuring a warmer illumination. With an IP65 rating, this bollard is perfect for outdoor areas; 99058 can adapt to a wide range of exteriors, offering style and functionality.
