SkLO Drape Composition 1 Pendant

The SkLO Drape Composition 1 Pendant pairs two handblown glass shades in an asymmetric arrangement, bringing sculptural interest to dining areas, bedrooms and living spaces. Both pendants hang from a single ceiling canopy on fabric-wrapped cords. The larger pendant, with an 18cm diameter, hangs straight down from the canopy, while the smaller pendant, with an 11cm diameter, is reeled through the included ceiling hook. The draped cord creates a flowing silhouette for the pendant's distinctive asymmetric aesthetic.

Handblown in the Czech Republic, each glass shade features subtle variations in shape and colour that celebrate its handcrafted origins. Choose dipped glass with SkLO's distinctive flame-polished opening, or textured glass with a softly frosted surface and sculpted vertical ridges. A choice of glass colours, metal finishes and cord colours allows the composition to complement a variety of interior schemes, while cord lengths can be adjusted during installation to suit the space. Displayed above a dining table or beside a bed, the Drape Composition 1 Pendant combines expressive detailing with a refined, contemporary presence.
