PRODUCT DESCRIPTION

Designer: Studio Roderick Vos

Moooi Urchina LED Pendant

The Moooi Urchina Suspension by Studio Roderick Vos is inspired by nature, echoing the symmetry of sea urchins. Ultra-thin carbon rods give the pendant its sculptural silhouette while maintaining a weightless appearance. Each rod houses an LED light source, holding glowing constellations of light in place. A hidden downlight provides functional lighting while the soft uplight creates an ambient overhead glow. This layered lighting adds a sense of depth while filling the surrounding space with a comfortable atmosphere.

The Urchina Suspension is available in four sizes, allowing the sculptural form to fit into a range of spaces. Display individually over a dining table for a captivating focal point or, in larger interiors that call for an expressive composition, install clusters of light, varying in height and size. With modular, replaceable components, the Urchina offers an intuitive design that has been created to last.

Compatible with the Moooi wireless dimming switch, enabling you to have full control through a Bluetooth-enabled dimming device. Purchased separately. Please contact us for more information.

PRODUCT SPECIFICATION

Light Source: 32W, 2580K - 2870K, 1650 Lumens

IP Code: 20

Dimming: Dimmable via DALI, Casambi, Trailing edge, and 1-10V dimming systems. For DALI and 0-10V dimming, please consult your electrician; additional wiring may be required on site.
