PRODUCT DESCRIPTION

Designer: SkLO

SkLO Balance 2.0 Pendant

The SkLO Balance 2.0 Pendant is an elegant and sophisticated expression of symmetry. Two downward-curving arms support glass diffusers, hand-blown from Czech glass. These diffusers are available in three shapes, with a choice of dipped or textured glass. The dipped glass features an opening, created by breaking the piece from the blowing pipe during production. The textured glass features a frosted finish and subtle etched lines. Each piece may vary slightly in colour saturation, colour tint, and thickness. This is part of SkLO's intent and celebrates the beauty of handcrafted materials.

With its graceful silhouette and generous proportions, the Balance 2.0 suits spaces with high ceilings, creating a striking focal point above dining tables or in entrance halls. While elegant when installed individually, the Balance 2.0 makes an impressive statement when arranged in groups alongside the **Balance 1.0 Pendant**. The glass diffusers gently soften the light for a warm and inviting glow that enhances its surroundings.

The Balance 2.0 Pendant includes SkLO's field-adjustable Standard Stem Kit. A field-adjustable Extended Stem Kit is available at an additional cost. See specifications for kit details. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source: 2 x Max 7W G9 LED (Included)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

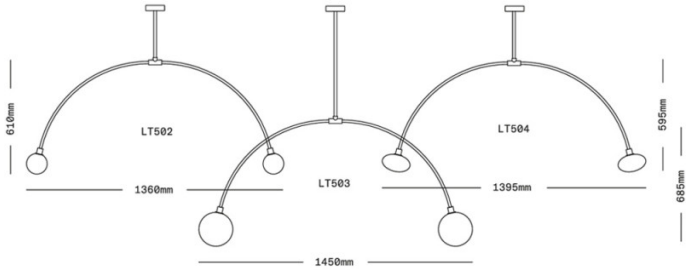

Dimensions:

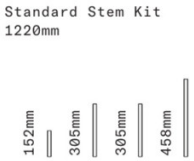

LT502
Height: 61cm
Width: 136cm

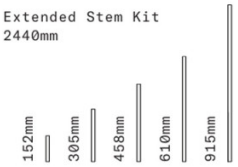

LT503
Height: 68.5cm
Width: 145cm

LT504
Height: 59.5cm
Width: 139.5cm

Standard Stem Kit (included):
1x 15.2cm, 2x 30.5 cm, 1x 45.8cm
Extended Stem Kit (available at additional cost):
1x 15.2cm, 1x 30.5 cm, 1x 45.8cm. 1x 61cm, 1x 91.5cm
