SkLO Dome Table/ Floor Lamp

The SkLO Dome Table/ Floor Lamp is a substantial luminaire crafted from handblown glass and complemented by a metal base. Its generous size allows it to sit comfortably on a large table or directly on the floor. The softness of the frosted glass, paired with the ornamental quality of the base, creates a warm and inviting aesthetic, despite the lamp's imposing size. To complement a range of interiors, the glass is available in four frosted finishes, with a choice of five finishes for the base. Due to the handcrafted nature of the glass, slight variations may occur from piece to piece.

The Dome Table/ Floor Lamp adds a decorative presence, even when switched off. When illuminated, the frosted glass diffuses light into a soft, glare-free glow. This gentle lighting suits spaces that call for a relaxed ambience, such as bedrooms, living spaces, and dining rooms. Its sculptural form, tactile materials, and softly diffused light make the Dome Lamp a distinctive yet versatile addition to both classic and contemporary interiors.
