Moooi Push Light LED Pendant

The Moooi Push Light Pendant is an exploration of simplicity. Reduced to its essence- a ring, a sheet, and a light- the pendant creates a sense of serenity by eliminating any unnecessary details. A thin PVC sheet is pushed through an aluminium ring, transforming into a curved, sculptural shape. The soft, organic arc adds rhythm and flow to the design, transforming flatness into volume.

When illuminated, the sheet reflects light for a soft glow that enhances the pendant's gentle character. The light source is concealed within the pendant for a glare-free glow that fills the surrounding space with a warm atmosphere. The Push Light can be installed individually or in clusters to create a sculptural display that combines decorative appeal with functional reflected lighting.

The Push Light Pendant is also available with DALI and Casambi dimming options. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	8.5W, 2700K, 639 Lumens
IP Code:	20
Dimming:	Dimmable via Triac dimming.
Dimensions:	Height: 53cm Width: 93cm Length: 53cm Cable Length: 300cm
