PRODUCT DESCRIPTION

Designer: Antoni Arola

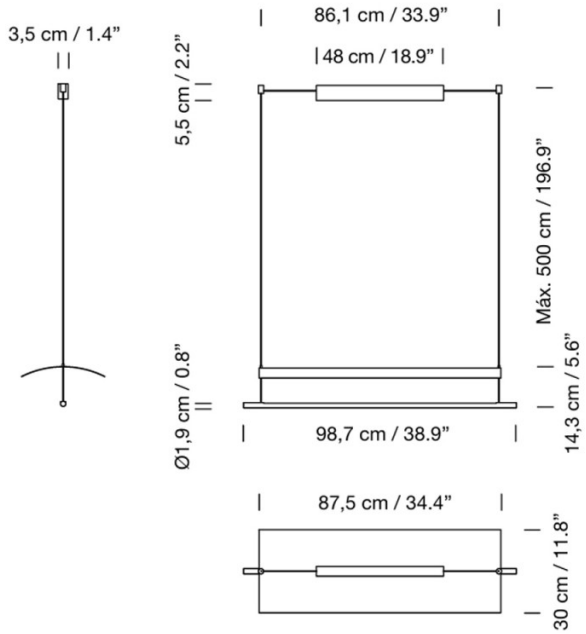

Santa & Cole Lamina 85 LED Pendant

The Santa & Cole Lamina 85 LED Pendant is an expression of reflected light that blends geometry, visual comfort, and sculptural presence. Its clean and uncluttered design features a linear LED beneath a curved reflector. When switched on, light reflects off the thin aluminium sheet to create a gentle, glare-free glow. This comfortable, ambient lighting, paired with the Lumina's linear form, suits use above a dining table or kitchen island.

The Lamina 85 maintains visual clarity and a lightweight appearance through its slim profile. With a maximum drop height of 500cm, it is suitable for rooms with either high or low ceilings. Display individually or in multiples, lining the length of a long table to provide an even spread of light. With its black metal frame and white/grey metallic shade, the Lamina 85 complements modern, minimalist interiors.
