PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Gerhard Reichert

Artemide Logico Ceiling 3 x 120° Light

Artemide Logico Ceiling 3 x 120° Light uses three hand-made blown glass diffusers in a compact ceiling composition, with curves that give the surface a softer, less rigid outline. Designed by Michele De Lucchi and Gerhard Reichert, it brings the modular side of Logico into a broader ceiling-mounted format.

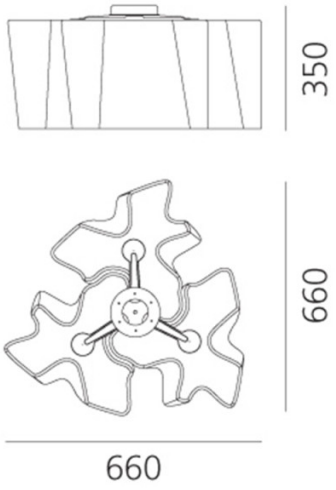

The grouped form gives the fitting a stronger visual pull than the single ceiling version, while the diffused and direct emission still keeps the overall effect calm rather than harsh. Finished in Silk and made from blown glass with aluminium, it can sit alone or relate naturally to larger Logico schemes.

Works particularly well in living rooms, dining spaces, and larger bedrooms where a ceiling light needs to soften the room without disappearing into it.

Please note, this product is also available in a Fumè finish and as smaller Mini and Micro versions. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source:	3 x Max 12W E27 LED Dimmable (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Width: 66cm Length: 66cm Height: 35cm
