

Vibia Link Modular System LED

LA3578

SOURCE: <https://www.davidvillagelighting.co.uk/product/vibia-link-modular-system-led/10569>

Vibia Link Modular System ideal for large spaces in the hotel, hospitality, leisure, education and residential applications.

This modular system allows you to create silhouettes and volumes on the ceiling to suit every room and every location.

Vibia Link consists of four modules in different sizes and heights, which connect to one another, to offer a wide range of geometric formations, perfectly fitting into the architecture of the ceiling.

They only require one electrical connection and their light source is dimmable and efficient. With dimmable electronic ballast (Dali System).

Colours: Matt White or Graphite Grey
