PRODUCT DESCRIPTION

Designer: Manuel Vivian

Spillray 12 Cluster Suspension Light by Axolight

The Spillray 12 cluster light is a dazzling and marvellous light that combines the 3 sizes of the Spillray pendant light, designed by Manuel Vivian. Each suspension light in the cluster is made from gorgeous blown glass, being a refined and chic creation that embodies Italian design.

The Spillray 12 cluster suspension makes a big impact with its look but has a compact design making it suitable for both large and small spaces. The cluster provides an atmospheric downward light that illuminates the room, being particularly effective when hung over tables. The suspension can be used in your kitchen at home to add a touch of glamour or it can be used in bigger commercial projects to light the hallway, greeting people with grace and charm.
