PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

Kartell Super Impossible Chair

Philippe Starck took the Mr Impossible chair a step further. And thus created the Super Impossible, in the same organic, egg shape seat. The Super Impossible is made in the exact same way, an outer and inner shell laser welded together.

Super Impossible has a striking new colour finish, with a glossy black structure and glossy white seat. The new Impossible chair has a slick and sensual look, ideal to be used as a dining chair or in meeting rooms. A chair suitable for both domestic and private environments.

Material:

Batch-dyed polycarbonate

PRODUCT SPECIFICATION

Dimensions: 55 cm width
83/5 cm height
57 cm depth
39 cm seat width
46 cm seat height
