PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Gerhard Reichert

Artemide Logico Suspension 3 x 120º

Artemide Logico Suspension 3 x 120º gathers three hand-made blown glass diffusers into a 120-degree composition, giving the Logico form a fuller, more spatial presence. Michele De Lucchi and Gerhard Reichert take the same soft, irregular volume seen across the collection and turn it into a suspended arrangement that reads differently from the single fitting.

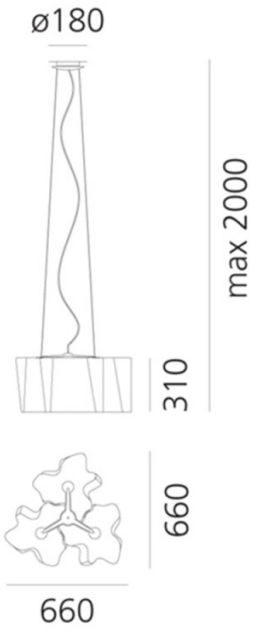

The diffused and direct emission keeps the light gentle in the room, but the three-part layout gives it more spread and more visual weight. In a Silk diffuser finish, with blown glass and aluminium, it holds onto the softer character of Logico while making more of a statement overhead.

Most often at home above dining tables, in stairwells, and in larger living spaces where a suspended fitting needs to carry both light and presence.

Please note, this product is also available in a Fumè finish and as a smaller Mini version. Contact us for pricing and information.

PRODUCT SPECIFICATION

Light Source:	3 x Max 12W E27 LED Dimmable (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade Width: 66cm Shade Length: 66cm Shade Height: 31cm Cable Length: 200cm
