Charles Ghost Stool by Kartell

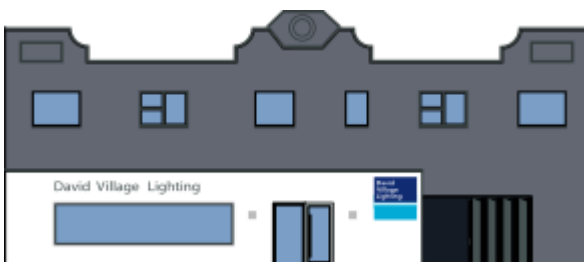

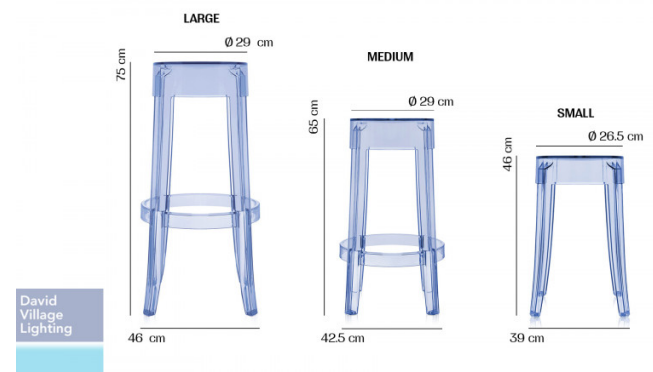

The Charles Ghost stool brings back memories of the classic 19th century stools with a modern pinch. The stools are made of a single block of poly-carbonate, a material classed as indestructible allowing you to use the Charles Ghost everywhere. Suitable for both indoor and outdoor use as well as in private or commercial settings.

The stool collection is available in three heights (75cm, 65cm and 46cm) and come in a range of transparent and matt colour options. The stools look marvellous next to your counter or kitchen bench. The Charles Ghost is also ideal for commercial settings as their modern and colourful qualities allow you to create your own chromatic mixtures and bring colour into the space.

Please note that due to the packaging process, Charles Ghost stools must be ordered in pairs of the same colour.
