PRODUCT DESCRIPTION

Designer: Constantin Wortmann

KDLN Spillo Floor Lamp

This design by Constantin Wortmann aims to imitate the nature of fluid and the way in which it forms as dewdrops. This can be seen in the rotationally molded shade that sits on the stem of the floor lamp. The simplicity of the lamp is elegant and modern and compliments multiple interiors. Ideal for a living space or hallway, this lamp emits a stunningly diffused and glare-free light into a space. Bringing both contemporary looks and delicately diffused light that will flood a space and add a touch of modern style.

Ideal for lighting a busy room where calmness is needed, such as a dining area or workspace. The Spillo brings a soothing atmosphere through its rotational moulded shade.
